

SOCIAL RESPONSIBILITY POLICY

İş Bank, our founder and principal shareholder which has undertaken the role of leadership in development of social life along with economic development since its establishment is continuing its support in activities on environment, education, culture, art and other fields with the sense of fundamental social responsibility.

İş Invest, aware and conscious of its social responsibility against society with all its employees, aims to carry out sustainable projects on subjects within the field of social responsibility which are in compliance with legislative regulations and ethical values. It realizes this target either directly through the projects it creates or by supporting projects developed by İş Bank.
